

Chef Flash Cards

Terms - Temperatures - Ratios - Techniques

How to print:

1. Print this PDF double-sided, flipping on the LONG edge.
2. Skip this cover when printing (print from page 2), or just recycle it.
3. Cut along the rounded boxes. Each front lines up with its answer on the back.

How to study:

Shuffle. Read the question, answer aloud, then flip to check.

Make two piles: 'knew it' and 'review'. Re-drill the review pile until it is empty.

CHEF FLASH CARD

Temperature danger zone?

(answer on back)

145 deg F / 63 deg C, opaque & flaking

ANSWER

Milk thickened with white roux

ANSWER

Bechamel, Veloute, Espagnole, Tomato, Hollandaise

CHEF FLASH CARD

Veloute = ?

(answer on back)

CHEF FLASH CARD

Espagnole = ?

(answer on back)

CHEF FLASH CARD

Hollandaise = ?

(answer on back)

CHEF FLASH CARD

Roux ratio (by weight)?

(answer on back)

CHEF FLASH CARD

Vinaigrette ratio?

(answer on back)

CHEF FLASH CARD

Mirepoix ratio?

(answer on back)

CHEF FLASH CARD

Pie dough 3-2-1?

(answer on back)

CHEF FLASH CARD

Mise en place means?

(answer on back)

ANSWER

Brown stock + brown roux + tomato

ANSWER

White stock thickened with blond
roux

ANSWER

1:1 fat to flour

ANSWER

Emulsion of egg yolk, butter, and
acid

ANSWER

2:1:1 onion : carrot : celery

ANSWER

3:1 oil to acid

ANSWER

Everything in its place: all prep
done before cooking

ANSWER

3 flour : 2 fat : 1 water, by
weight

CHEF FLASH CARD

What is fond?

(answer on back)

CHEF FLASH CARD

What is deglazing?

(answer on back)

CHEF FLASH CARD

Maillard vs. caramelization?

(answer on back)

CHEF FLASH CARD

Brunoise size?

(answer on back)

CHEF FLASH CARD

Julienne size?

(answer on back)

CHEF FLASH CARD

Nappe?

(answer on back)

CHEF FLASH CARD

Blanch & shock, why?

(answer on back)

CHEF FLASH CARD

Knife grip to use?

(answer on back)

ANSWER

Dissolving fond with liquid to
build a sauce

ANSWER

Browned bits in the pan; the base
of a pan sauce

ANSWER
